

Induction Heating for Nuts & Bolts

Bolt Breaker - BB 01

- Reduce the labour force by 75% and greatly shorten the disassembly time of rusted bolts.
- Reduce the need for expensive consumer goods, and can be glued to the fastener lossless disassembly.
- LED lighting and fault indication.
- No more open fires will be able to heat metal objects near plastic components that need to be removed or protected.
- Provide accurate heating.

Specification	Value
Input Voltage	AC 220V (50 Hz)
Input Current	10A
Maximum Power	1500W
Instrument Protection Temperature	120 °C
Coil Sizes Included	6 Coils as per details

Coils Included

	20mm tubular heating coil
	26mm tubular heating coil
	32mm tubular heating coil

	U-shape heating coil
	Bearing heating coil
	Flat heating coil
